Sheriff Charles Stratton said Clark Pussell would be taken late

or c.m., arab e size. Official surveys prove this, Less a if ther essential purposes. To do so would be

The previtable and Themapable conclusion there fore is that if the three-mill leve should not be tirewed and a consequent loss of approximate; \$90 (an yearly result the only solution would be a et rier scho literm. Records show that \$90,000 is the cost of run ng the schools two ar i a half mouths on the present bards so that would be the period laker off the present pine-mon h term

Wha wou'l be the consequence of a six and month to m" First of all it would mean six and a had months of education for the communities young tendle lostend of the nine to which they are extitled lifes u rk. The years rouge of their could not consequently purils would be has licapped by de-

It would also gravely endanger Marion's stanting which requires de inne operating standards fore m'st of which is the nine mon h term. There would be every likelihood of refusal by colleges to accept credits of Marion high school graduates. Marion the would suffer a cut in the amount of monereceived from the state under the new school founds lused on a nine month sche lule

and recognized among all educational authorities as the essential minimum for public school operations and any community failing to maintain that standar t Obviously Marion schools should not and must hid be reduced to that stage

The three mill school less has been generally in dorsed by nightizations throughout the city. In fact we can recall no other proposal ever submitted to the voters that had more wilespical and emphatic citizen should take the outcome for granted and fall renewal of this vitally important levy an absolute

tional facilities. It behooves Marion therefore to maintain its rank as a city of good schools
